Introduction

The Comparison Document provides brief descriptions and estimates of the fiscal effect for the provisions that make up the executive recommended version and subsequent versions of the biennial budget bill of the 130th General Assembly, House Bill 59. The document is arranged in alphabetical order by state agency. It also includes two nonagency items for which appropriations are made, Employee Benefits Fund (PAY) and Revenue Distribution Funds (RDF), as well as a Local Government Provisions (LOC) section for provisions that affect local governments and that are not entered in other agency sections. A Table of Contents follows this Introduction. Three indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency; the third index lists items affected by the Governor's vetoes by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education and the Department of Taxation are first arranged by general topic areas. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-referencing index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-referencing index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with an agency's three-letter Central Accounting System (CAS) code followed by a comparison document reference ("CD") and a number (DEVCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

Items affected by the Governor's vetoes are noted by either the words "VETOED" or "PARTIALLY VETOED" in the item's subject line. Within the item description, vetoed components are contained within the bracketed text. However, fiscal entries for the vetoed or partially vetoed items do not reflect the effects of the vetoes. The Comparison Document does not include appropriation amounts for the agencies. Please see the Legislative Service Commission's Budget in Detail spreadsheet for that information. For a complete discussion of the statutory changes in H.B. 59, see the Legislative Service Commission's Bill Analysis.

Replaces the formula used to calculate deductions from school districts and payments for the Jon Peterson Special Needs Scholarship Program. Specifies the formula for each student as the sum of the per pupil amount of the opportunity grant for the resident district and the amount for the student's special education category.	Replaces the Executive provision with a provision that modifies the current calculation by replacing the formula amount and base funding supplements from FY 2009, with the current year formula amount, and updating the special education category weights to match those used for school districts.	Same as the House, but replaces the special education weights with the dollar amounts used for school districts and makes corresponding changes to the bill's calculation of the deductions. Specifies that beginning in the 2014-2015 school year, a scholarship received by an eligible applicant under the program for a child who is a category one special education student may only be used to pay for "related services" that are included in the child's individualized education program.

Fiscal effect: Under current law, each scholarship has a base amount of \$5,704 plus the additional special education weighted funds. The provision decreases the base amount to the per pupil opportunity grant, which differs for each school district, but is never more than \$5,000, and increases the additional amount depending on the student's special education category.		Fiscal effect: Increases the base amount to \$5,732 in FY 2014 and \$5,789 in FY 2015. The new special education weights generally result in higher amounts than the ones in current law. (1) Caps funding by limiting it to the minimum of calculated core foundation funding, base x 1.25, or base + (total resources x 0.1), where base for FY 2014 equals FY 2013 state aid - FY 2011 transportation funding - FY 2011 career-technical additional funding, base for FY 2015 equals FY 2014 final core funding, total resources for FY 2014 equals state aid and tax revenues for FY 2012, and total resources for FY 2015 equals state aid and tax revenues for FY 2013. Requires ODE to reduce a district's payments under components (2) through (7) above proportionately as necessary to implement the cap.	(1) Same as the Executive, but (a) limits foundation funding (defined to include the components described above plus pupil transportation funding) in FY 2014 and FY 2015 to 1.06 times the district's FY 2013 state aid and 1.06 times FY 2014 foundation funding, respectively, and (b) requires ODE to proportionally reduce payments for all components except special education additional funding and career-technical education funding to comply with the cap unless those amounts are insufficient, in which case special education additional funding and career-technical education funding are also to be proportionately reduced.	(1) Same as the House, but increases the factor by which foundation funding is capped for traditional school districts to 1.0625 and 1.105 times prior year funding for FY 2014 and FY 2015, respectively. (2) Guarantees funding by calculating final core funding as the maximum of the base, the calculated opportunity grant, or the capped aid calculated above.	(2) Same as the Executive, but (a) specifies that a district's base for both fiscal years is equal to its FY 2013 state aid, which includes pupil transportation and career-technical education funding since those components are included in the main formula under the House proposal, and (b) eliminates the guarantee based on the district's opportunity grant.	(2) Same as the House, but also requires ODE to adjust, as necessary, the transitional aid guarantee base of school districts that participate in the establishment of a JVSD that first begins receiving funding under the JVSD funding formula in FY 2014 according to the amounts received by the districts in FY 2013 for career-technical education students who attend the newly established JVSD in FY 2014. Beginning with the 2016-2017 school year, qualifies for the EdChoice scholarship students in kindergarten through third grade who are enrolled in a district-operated school that has received a grade of "D" or "F" in "making progress in improving K-3 literacy" in two of the three most recent state report cards and has not received an "A" in "making progress in improving K-3 literacy" in the most recent report card issued prior to the first day of July of the school year for which the scholarship is sought.	Same as the Executive.	Same as the Executive.	Same as the Executive.

Executive	As Passed by the House	As Passed by the Senate	As Enacted
No provision.	No provision.	Qualifies for an EdChoice scholarship a student who will be enrolling in school in Ohio for the first time, and would be assigned to a qualifying school, regardless of grade level, as long as the student is at least five years old by January 1st of the school year that the scholarship is sought.	Same as the Senate, but specifies that students enrolling in any of grades K-12 in Ohio for the first time (instead of "school" for the first time) are qualified to receive a scholarship.
Fiscal effect: May qualify more students for EdChoice. If the expansion attracts incoming kindergarten students who would have attended nonpublic schools using private funds without the scholarship, statewide enrollment may increase, thereby increasing costs to the state. If more scholarships are awarded, deductions from school districts will increase to fund the scholarships. Districts may also experience a decrease in expenditures due to educating fewer students.	Fiscal effect: Same as the Executive.	Fiscal effect: Same as the Executive, but may further increase the number of scholarship applicants.	Fiscal effect: Same as the Senate.

Replaces the Executive provision with a provision that establishes tiered eligibility according to the following: (1) If the student's family income is above 200% but at or below 300% of the federal poverty guidelines (FPG), the student may receive a scholarship in the amount of 75% of the full scholarship amount. No provision.	Specifies that if a student is eligible for the EdChoice scholarship based on the student's public school performance and the bill's new EdChoice scholarship expansion based solely on family income, the student, applying for the scholarship for the first time, must receive the scholarship based on public school performance and not family income. Assuming every student uses the maximum scholarship amount (\$4,250 for grades K-8; \$5,000 for grades 9-12), there will be 2,000 scholarships available in FY 2014 and 4,000 scholarships available in FY 2015. 	Fiscal effect: As a result of the higher scholarship amount, the number of scholarships available may decrease. Scholarships are funded through two earmarks in GRF appropriation item 200550, Foundation Funding; one uses funds deducted directly from the Cleveland Municipal School District's state foundation aid (about \$11.9 million in each fiscal year) and the other (about \$18.7 million in each fiscal year) may be used for any school choice program. EDUCD58 Parent Triggered Reforms for Low Performing Schools

R.C. 3302.042

Modifies the parent triggered reform mechanism, established under the Columbus City School District Pilot Project, to become a permanent provision applicable to any school of a city, exempted village, or local school district in the state (the provision allows the parents of students enrolled in a school to petition for school reforms if that school has been ranked in the lowest 5% of all public schools by performance index score for three or more consecutive years).

No provision.

No provision.

No provision.

Eliminates the requirement that ODE annually report its recommendations to the General Assembly on the expansion of the Columbus City School District Pilot Project to other school districts in the state or to apply the project as a statewide program (ODE is still required to annually evaluate the parent triggered reform mechanism and to annually report its recommendations on the continuation of this mechanism to the General Assembly).

No provision.

No provision.

No provision.

Fiscal effect: Implementation of one of the reform plans specified under current law would likely increase administrative costs for the affected school district. No school would be eligible for the reform mechanism until after the 2013-2014 school year, as the mechanism requires at least three years of performance index score data.

Fiscal effect: Deduction amounts from schools to make payments to institutions of higher education will likely change, but will depend on the statewide average in-state tuition per credit hour amount calculated by the Chancellor. The bill earmarks about \$1.89 million in FY 2014 and \$1.94 million in FY 2015 in GRF appropriation item 200511, Auxiliary Services, to fund students enrolled in the program who attend nonpublic secondary schools. Possible increase in costs for institutions, school districts, and the Ohio Board of Regents due to additional administrative requirements.	Fiscal effect: Increases the tuition base to \$5,732 in FY 2014 and \$5,789 in FY 2015. Because home-schooled students may qualify for PSEO, more students may be eligible to participate in the program. Funding for nonpublic students is limited by the earmark in GRF appropriation item 200511, Auxiliary Services, and funding for home-schooled students is limited by the earmark in GRF appropriation item 200550, Foundation Funding (see CDEDU23).	Fiscal effect: Same as the House, but increases the tuition base to \$5,745 in FY 2014 and \$5,800 in FY 2015. Fiscal effect: OFCC will absorb the administrative burden for overseeing the construction administration of Ohio's cultural and sports facilities. The bill appropriates \$200,000 in each fiscal year for Fund 4T80 230603, Community Project Administration, to support OFCC with the additional duties.	Fiscal effect: Same as the Executive, but since the bill defines OHS as a cultural organization instead of as a governmental agency in the Executive version, OHS is likely to be the only cultural organization affected by removal of the requirement for an organization to specify it has local contributions amounting to no less than 50% of the total state funding for the cultural project because OHS is the only organization providing construction services for state historical sites.	Fiscal effect: Same as the House, but since the bill changes the effective date of AFC's elimination, the FY 2014 appropriation for item 230603 is reduced to \$150,000. The bill appropriates \$250,000 in Fund 4T80 appropriation item 371603, Project Administration Services, under AFC's budget for the first six months of FY 2014.	Fiscal effect: Same as the House.

Fiscal effect: Current law specifies that 100% of video lottery terminal income minus the lottery sales agent's commission percentage plus the percentage of the lottery sale agent's commission for the benefit of horse breeding and racing in this state shall not exceed 45% of video lottery terminal income. The lottery sales agent's commission percentage is specified by rule 3770:2-3-08 as 66.5% of video lottery terminal income. The percentage to benefit breeding and racing is to be paid from this commission, is limited by Revised Code section 3769.087 to between 9% and 11% of video lottery terminal income, and is to be set by rule by the Racing Commission unless otherwise agreed by the video lottery sales agent and the applicable horsemen's association. Also in current law, the Lottery Commission is to require that the video lottery sales agent disperse 0.5% of the video lottery sales agent's commission to provide funding to state agencies for addiction services programs, and may increase this percentage by up to an additional 0.5%. These changes may limit future rulemaking by the Lottery Commission and the Racing Commission, hence may limit payments by video lottery sales agents and amounts paid to benefit breeding and racing in the state and addiction programs.

	R.C. 151.50, 164.27, 901.21, 1509.73, 1519.05		
(1) No provision.	(1) Requires 50% of the money received from signing fees, rentals, and royalty payments for oil and gas leases entered into by a state agency on land located in state parks to be credited to the existing Parks Mineral Royalties Fund, rather than all money so received as in current law. Executive	As Passed by the House	As Passed by the Senate	As Enacted	
	<p>Fiscal effect: If the state leases any state park land for oil and gas drilling, then 50% of the revenues from fees, lease payments, and royalties (rather than 100% as in current law) will be deposited into the Parks Mineral Royalties Fund for the purpose of land acquisition and park maintenance. The remaining 50% will be held in the newly created Clean Ohio Distribution Fund until that fund accumulates \$25 million (requiring at least \$50 million in total revenue), at which point the balance in the fund will be distributed to the Clean Ohio Conservation Fund (Fund 7056), Clean Ohio Agricultural Easement Purchase Fund (Fund 7057), and Clean Ohio Trail Fund (Fund 7061) in proportions of 75%, 12.5%, and 12.5%, respectively. Presumably, this would supplement the use of GRF-backed bond proceeds that currently capitalize these funds. Actual revenues received will depend on the lease rate per acre of any land leased and the value of any oil and gas produced. To date, the state has not leased any state park lands for oil and gas drilling.</p>

<p>Fiscal effect: The executive estimates the expansion of the sales and use tax base to include a broad category of services and the repeal of the exemption for magazine subscriptions (at the new 5.0% state tax rate) would yield additional net GRF revenue of \$1,278.2 million in FY 2014 and \$1,738.4 million in FY 2015. More specifically, the sales tax base expansion, including digital goods and services, would increase GRF revenue by \$1,871.3 million and \$2,577.4 million in FY 2014 and FY 2015, respectively. The revenue gain from the taxation of digital products would be \$14.5 million each year of the biennium. The repeal of the sales tax exemption for magazine subscriptions would produce additional GRF receipts of \$7.2 million per fiscal year; and the reduction of the state sales tax rate to 5.0%, down from 5.5%, would reduce GRF revenue by \$600.3 million in FY 2014, and \$846.2 million in FY 2015.</p>			<p>Fiscal effect: Revenue gain of \$289.8 million in FY 2014 and \$410.6 million in FY 2015 from the state sales tax rate increase. Revenue from the sales tax is distributed to the GRF, the LGF, and the PLF. The GRF would receive \$280.2 million in FY 2014 and \$397.0 million in FY 2015. The remainder, \$9.6 million in FY 2014 and \$13.6 million in FY 2015, would be distributed to two local funds. The state sales tax rate increase may decrease revenue from local permissive and transit authority sales and use taxes by up to \$3.8 million and \$5.4 million, respectively in FY 2014 and FY 2015. Revenue increase from the repeal of the existing exemption for magazine subscription of up to \$11 million per fiscal year and up to \$15 million per fiscal year from the expansion of the tax base to digital goods, according to the Executive. This provision would result in combined GRF increases of up to \$25.1 million each fiscal year, LGF/PLF increased distributions of up to \$0.9 million per year, and increases in local permissive and transit authority sales and use taxes of up to \$6.2 million per fiscal year. The new sales and use tax exemption for sales of investment metal and bullion may reduce sales and use tax revenue loss by up to \$8 million per fiscal year. The revenue loss would be mostly borne by the GRF (up to \$7.7 million) and the LGF and the PLF (\$0.3 million). Revenue from local permissive</p>

Reduces the minimum tax rate increment from the current 0.25% to 0.05%. (Current law requires voter approval for transit authority levies. County levies require voter approval unless the levy is for the general fund or for "criminal and administrative justice services" (courts, prosecutor, sheriff, coroner, detention facilities). Counties may levy the tax for nine other specific purposes, alone or in combination with each other or the general fund, with prior voter approval.)	No provision.	No provision.	No provision.	
Recalibrates the rates in April 2015 and April 2016 to reflect the impact of base expansion on actual county and transit authority tax collections after incorporating prescribed revenue increase percentage.	No provision.	No provision.	No provision.	
Fiscal effect: The bill offsets some of the revenue increase that would otherwise ensue from the sales tax base expansion. However, revenue to counties and transit authorities is likely to grow due to the prescribed revenue growth ("guarantee") in the bill of at least 10% from December 2013 to November 2014, and 15.5% from December 2014 through June 2016. Based on CY 2012 distributions, a 10% growth guarantee may result in additional revenue of \$193 million to counties and transit authorities. A 15.5% growth may result in additional revenue of \$299 million.

No provision.	Removes a \$500,000 penalty enacted by Am. S.B. 28 of the 130th General Assembly for improperly excluded qualified distribution center (QDC) receipts. Establishes a new penalty on the operator of such a QDC, which is termed the "supplier tax liability" and that equals the amount which would have been owed by the suppliers of the distribution center had the distribution center not been improperly issued a certificate, less the amount actually paid by such suppliers. Specifies that supplier tax liability is to be determined by the Tax Commissioner and does not include interest or penalties on the unpaid amount.	Same as the House, but changes the name of the penalty to the "ineligible operator's supplier tax liability," and specifies that it equals the amount that would have been owed by the suppliers of the distribution center had the distribution center not been improperly issued a QDC certificate without deducting the amount actually paid by such suppliers. 	Fiscal effect: None. Under continuing law (R.C. 1.62), references in the Revised Code to county boards - such as the board of county commissioners - also refer to the board - such as a county council - of a charter county that under the charter exercises the same functions as a board of county commissioners.		Fiscal effect: Renewal of the taxes would prevent a loss of county revevues from the cigarette tax and the alcoholic beverage tax. Currently, the county levies a spirituous liquor tax of \$3 per gallon and an alcoholic beverage tax of 32 cents per gallon of wine and mixed beverages, 24 cents per gallon of cider, and 16 cents per gallon of beer. These taxes will expire in 2015. The county also levies a cigarette tax of 34.5 cents, but only 4.5 cents of that tax will expire in 2015. In FY 2012, Cuyahoga cigarette tax and alcoholic beverage tax receipts were \$19.4 million and \$5.6 million, respectively.

Fiscal effect: According to estimates from the Executive Budget, the horizontal well severance tax will increase revenues to the GRF, the Local Government Fund, and the Public Library Fund by a total of \$45 million in FY 2014 and \$155 million in FY 2015; of these amounts, the GRF would retain an estimated \$44 million in FY 2014 and \$150 million in FY 2015. Revenues for two Department of Natural Resources funds, the Geological Mapping Fund (SSR Fund 5110) and the Oil and Gas Well Fund (SSR Fund 5180), will decrease based upon the repeal of the cost recovery assessment, but the losses will be partially offset by higher oil and gas severance receipts from nonhorizontal wells.
