

K-12 Student Wellness and Success Funding Fiscal Years 2020 - 2021
(Joint Vocational School Districts)

Note: For joint vocational school districts, the census poverty percentages and per pupil dollar amounts are based on students' school district of residence. For more information, please refer to the K-12 Student Wellness and Success Funding Fiscal Years 2020 - 2021 printout for traditional school districts.

¹ *These dollar amounts are the net state foundation funding amounts paid to schools after deductions as of March 2019. While calculated school funding is held equal to fiscal year 2019 for fiscal years 2020 - 2021, there may be variation in a school district's net formula amount for these fiscal years due to changes in deductions.*

² *These dollar amounts are estimates based on data provided by the Ohio Department of Education in March 2019. Payments for fiscal years 2020 - 2021 will be calculated using data reported in June of the previous fiscal year. No traditional school district, joint vocational school district, or community school shall receive less than \$25,000 in fiscal year 2020 and \$30,000 in fiscal year 2021. This funding is paid outside of the state foundation funding formula and is in addition to the amounts in the "Net State Foundation Funding for Each Fiscal Year" column.*
